THE IMPERIAL ADVANTAGE

For more than 35 years, the team at family-owned Imperial Industries has proudly served as a one-stop shop for the commercial waste industry's finest products and service. Offering a wide range of truck-mounted tanks, trailers and slide-in units, a full line of replacement parts, plus portable restrooms and accessories, Imperial Industries is the go-to team to grow your business.

We use only the highest-quality materials and our workmanship cuts no corners. Innovations like remote-controlled pumps save time and money and keep you steps ahead of the competition – literally. We have the parts, the know-how, and the dedicated service and support your business needs.

Experience the Imperial advantage for yourself, and let our team of trusted experts guide you towards just the right fit, whether your needs say start-up or specialized. We make products the way you'd want them to be made, because your business demands reliability, and our team is on your team.

IMPERIAL

LIQUID WASTE TRUCKS

Our three-tiered range of truck-mounted tanks is built for you. Featuring the latest truck chassis from your favorite truck manufacturers, tanks in your choice of material – steel, aluminum or stainless steel – and pumps and accessories galore, the keys to a money-making ride are in your hands.

BASELINE SERIES

The Baseline Series pairs no-frills value with the proven performance of Imperial's most trusted, heavy-duty tanks. We start with thicker steel and aluminum when rolling our tanks, join them to the toughest trucks on the block, and finish things off with a shine that touches every last weld. No bells here. Just whistles.

STOCK SERIES

Looking to set one of Imperial's signature tanks on top of the latest truck model? Look no further than the Stock Series, carrying the right size, the right horsepower, the right features and the right look for your fleet – ready right now, right off the line.

CUSTOM SERIES

Christen your ride for extra curb appeal with the Custom Series. From one-of-a-kind paint jobs and all-new amenities to specifications that only you would think to make, Imperial's Custom Series capabilities garner double takes while doubling efficiency.
